It is requested that individuals requiring accommodations or auxiliary aids such as sign language interpreters and alternative format materials notify us at least 7 days prior to the event. The Friends One-Day Conference is a wonderful opportunity for families to come together and learn more about stuttering, supporting their child, and to begin building community.

Children's programming is activity-based and focuses on exploring attitudes and emotions, increasing understanding of stuttering, and instilling a greater sense of confidence – while making FRIENDS!

SLPs and students will learn more about stuttering, current therapies, and the support available for those who stutter.
