The Friends One-Day Event is a wonderful opportunity for kids, families, SLPs, and adults who stutter to **come together and learn more about stuttering**, supporting each other, and **building community**.

Children's programming is activity-based and focuses on **exploring attitudes and emotions**, **increasing understanding of stuttering**, and **instilling a greater sense of confidence** — while making Friends!

SLPs and students will learn more about stuttering, current therapies, and the support available for those who stutter.
